NIGHTLIFE EXPOSURE

HOW TO GET THE ATTENTION OF A PARTY PHOTOGRAPHER

How do you get the attention of nightlife media and get in to ther glossy society pages! It's not exactly science, but here are some tips on making it in the limelight of a magazine.

ONE. BE VISIBLE: Show up at the right parties and the right places.

TWO. BE KNOWN: Get to know the photographers. Their familiarity with you will get you bonus points.

THREE. BE LIVELY: Skip on the all-ass no-class moves. Stay on the wild, hot, and sexy side.

FOUR. BE STRIKING: Dress to impress. Get that little nitedress that give you second looks. Make them turn their heads and open-mouthed.

FIVE. BE FAMOUS: Come with a celebrity, local or otherwise and you will simply be seen!

SEVEN. BE WACKY: Don't just sit on the VIP room and drink your margarita. Roam around, dance, chill out with others.

EIGHT. BE WICKED: Get the party in full zip, madly on the go. Your non-stop energy will catch attention of the cameramen.

NINE. BE POSING: Pose to the camera every time you see it near you. Camera likes to click away on those who pose. Pucker those lips for a sexy look.

TEN. SMILE! Your wide and flashy smiles will definitely catch lots of camera flashes. Men love those sensual lips. It will definitely catch clear pixels./**SLITZ**

A lifestyule fast and furious. **[2]** The new Fossil Analog Dial Watch ($95) has a nifty trick up its sleeve — it tells the time directly via analog means. The watch's white and grey face is designed so the time, such as 10:10 as shown in the pic, is displayed normally at the 9 O'Clock mark, while a magnifier built into the stainless steel cutaway case makes it even easier to read. **[3]** SimpleTough is a USB Hard Drive for users who test the limits of their hard drives. The drive is too tough and can withstand a free drop from a height of 3m (10 feet) regardless of what it falls at! Not only this, its rubber body can withstand a total load of one ton. So you can pass your car over it and it will still be working fine. The USB hard drive comes in different sizes and priced respectively at USD$99 - 139. **[4]** Cool vinyl toy. **[5]** Supra drops a limited edition Wildlife Pack exclusively at Factory413. /**SLITZ**

NIGHTLIFE PHOTOGRAPHERS

THE WORLDS NIGHTLIFE PHOTOGRAPHERS...

As the saying goes, "Everyone gets 15 minutes of fame at some point in their lives." Well, this is not true for the clubbers and partygoers who venture the nightlife and entertainment scenes.

In fact, event and nightlife photography has become a prominent marketing strategy for many media outlets and promotion companies right alongside the international 944 Magazine, DJhere Productions, James Norton, and dozens of up and coming solo shooters and blog sites.

Night-life photography even has its owns stars: Alistair Allan, who chronicles London's club kids on the Web site Dirty Dirty Dancing (www.dirtydirtydancing.com); Los Angeles's Mark Hunter, a.k.a. the Cobrasnake (www.thecobrasnake.com); New York's Merlin Bronques, founder of the notorious Web site Last Night's Party (www.lastnightsparty.com). They have not only captured their respective scenes, they fueled them.

The local party photographers mostly don't get paid. But it's a gig with certain benefits, including access to events, new friends and fans, and sometimes it leads to paid work. Clubs are even hiring them to make sure club goers feel like supermodels.

DIRTYDIRTYDANCING (Male 30 years old London) is a photographer catching all the beautiful people at the best clubnights in London.

IVAN S. HARRIS: 944 Magazine - A.k.a. "I$H, I.S.H" or "The ISH"... Whatever you want to call the man behind the lens, it's hard to miss his dreds and overall presence. He's a social shooter, engaging his subjects and if 944's got its name on it, he'll be there shooting. / **SLITZ**

INSIDER TIP: If you're a Manila photographer and want to publish your party photos or scenic photos on the leading party magazine, contact us here info@slitzmag.com.

TWITTER

TWITTER NOW LOADED WITH 'LIST' FEATURE

Were you in a trouble with long list of people added to your twitter account? Well here you get the solution from Twitter. They have started providing many users with their 'List' feature. The idea is to allow people to create lists of Twitter accounts. For example, you could create a list of the funniest Twitter accounts of all time, athletes, local businesses, friends, or any compilation that makes sense.

Lists are public by default (but can be made private) and the lists you've created are linked from your profile. Other Twitter users can then subscribe to your lists. This means lists have the potential to be an important new discovery mechanism for great tweets and accounts.

Twitter.com started working on this feature because of the frequent requests they received from people who were looking for a better way to organize information on Twitter./ **SLITZ**

BAR-HOPPING

TAKING ON THE NIGHTLIFE, ONE DRINK AT A TIME...

To patronize a series of bars during one evening.. or Bar-hopping, is all about getting the best out of the party scene. With a wide assortment of clubs at the forefront of Manila's nightlife scene, it's not about one place per night anymore. However, to be able to manage this you need to work the night as a true bar-hopper. The success of the night comes from timing – enter the right bar at the right time. Pick bars you know and that are located near each other.

You would not want to waste your night by entering an empty club, get stuck in traffic or waste your time to look for a place you have never been at. So plan your night before you hit the clubs.

As for me!! ...I start with checking where the good and more exciting events will take place for the night... and then try to check the time so that I can prepare myself early. If it's a new place I will try to visit it first, to get to know it. Just to feel the vibes, the people, the sound and the crowd. If it's cool then I will probably go back and introduce the place to some of my friends – my bar-hoppers.

If I don't feel the crowd and the club vibes, I quickly move on to the next place, usually to a club where I frequently hang out with my friends, where I'm okay to get drunk and can do my dance move.

Always make sure you have lots of "$" in your pocket when you hit the nightlife. You would not want the night to take an abrupt stop just because of money flow! LoL

For your last stop, pick a place that is open till dawn, where you don't need the extra energy to have fun, a place that still offer good music and where the crowd is exciting. This is also the place where you can relax but still can have fun. It is where you can let the alcohol level go down if you are a drinker and have car, and wait till you feel you are capable of driving home safely.

Keep in mind – Don't Drink too much - avoid a mess!! Have a fun and safe night. /**SLITZ**

Words_JOHN KARLSSON + JANE STILES

CLUB FLIRTING

IN A CLUB, HOW DO WOMEN **WANT TO BE HIT ON?**

Smart excuses to talk and right establishment is central to your good time. A solid intro should be the first step, but before that you need to get her attention. The more she has seen of you during the night the easier for her to accept you when you introduce yourself. Maybe you have exchange eye contact during the evening or she has seen you on the dance floor. Just don't jump up on her; the element of surprise will not work well when it comes to approaching women in a club.

By involving yourself in conversations with others that you may happen to know at the club or sparking up conversations with other women as a group, you may seem more friendly and willing to meet others, rather than bed them.

As Kim Sc say "Feel the vibe first", and don't go for the sleazy pick-up lines, few people can manage to pull it off.

Remember to enjoy yourself since approaching women is considered flirting, which is supposed to be fun. Do not be afraid of rejection either, just take it lightly. If she ends up being completely rude, you probably don't want her in the first place.

Every situation and scenario calls for a different approach. The key is to be natural and never sound forced. /**SLITZ**

LEVERAGE

Leverage is a U.S. television drama series on TNT that premiered in December, 2008.[1] The series is produced by director/executive producer Dean Devlin's production company Electric Television. Leverage follows a five-person team of thieves, computer experts and con artists, headed up by former insurance investigator Nate Ford, who use their skills to right corporate and governmental injustices inflicted on common citizens. The team was formed in Chicago before moving to Los Angeles headquarters in Season One. Although disbanded at the end of the season, the team members gathered, then reformed in Boston after persuading Ford to lead them again, and have set up a new base in Ford's loft apartment.

The first season of Leverage consisted of 13 episodes, which writers John Rogers and Chris Downey, and producer Dean Devlin intended to be a complete story, should the series not be renewed. On February 2, 2009, TNT announced that it had renewed the show for a second, fifteen-episode season.[2][3] The second season moved production from Los Angeles to Portland, Oregon,[4] and premiered on July 15, 2009. The second season will run in two parts: a seven-episode summer season followed by a further eight episodes in the winter. No airdates for the winter half-season have been announced..

Sheree [Perky Lady] has done it all and been a poster girl for whats hot and sexy. She is now SLITZ's Sex guru and ready to answer our readers question. And I'm planning to make the earth move for you!

If you've ever had a burning sex question or story that you were too embarrassed to pose even to your best friend, you're not alone. Sheree together with our facebook panel is here to get to the bottom of your deep-intimate, and carnal queries. Nothing (and we mean nothing!) is off limits!

01 "SUGAR DADDY - HE'S 48 AND HAS JUST HOOKED UP WITH MY GIRLFRIEND OF 22. SHOULD I BE CONCERNED?"

It does sound as if it has all the hallmarks of a "Father Figure" dynamic with a dash of "Sugar Daddy" thrown in.

So yes, it probably will all end in tears with all of you sitting around handing your dejected friend stiff drinks and sympathy. But that's what friends do.

The other thing friends do is let their mates live their own life themselves rather than try to live it for them.

02 "CAN YOU JUST BE PALS WITH THE OPPOSITE SEX?"

Of course, men and women can be just friends. "I have male friends. They are always good to give a male perspective on things and I have never crossed the line yet."

Of course. friendship is the act of platonic relationship; it gives both sexes the freedom to express themselves to each other and yet be liked and loved without the fear of crossing the line. thats fine... at least for me, can do. luv my friends! :P.

They sure can! Anybody who tells you otherwise is suffering from one of the following three social delusions; 1) that everybody of the opposite sex is so physically attractive, 2) that everybody of the opposite sex wants them bad, and 3) that the only thing that can successfully cross the gender divide is sexual in nature.

03 "SHOULD GIRLS PLAY HARD TO GET? "

The whole point of "playing hard to get" is to demonstrate your VALUE to others and you can't do that by being too available. At the same time dating is a game and if it wasn't, it wouldn't be as much fun. So why is this woman never accepting a date or returning your calls? Well, she already knows but it's up to you to find out. The challenge of it makes it all more exciting..

JO BAD-FLO - No, they should NOT play hard to get but instead they should KNOW and they should be AWARE tthat boys are after one thing and ONE THING ONLY in that way, girls will be smart AND INTELLIGENT enough to know what to do...

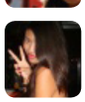
KATHLEEN GONZALES - not playing hard to get...just get to know the guy very well coz like jo says, guys are after ONE thing, but girls dont want just ONE thing.. we are more than that..

PAIGE SILVA - well... its not so bad to play hard to get, makes a girl mysterious and not so needy. it adds thrill; and cos admit it or not, most men love the chase! :p.

04 "WHAT DO WOMEN PREFER ON MEN, BOXERS, BOXER BRIEFS, OR BRIEFS? "

KIM SC - Low cut boxers brief with shoot legs, that's hot!!! It really looks with tall guys though.

MAXIE - love low cut boxer briefs too! =)



ANDREA CRUZ - White briefs!! so sexy!!!!

KIM SC - T-front(opposite of T-back lol).. none? hahahah kiddin'.. hmmm.. boxers. :)

SLITZ's all time favorite is Low Cut Boxer Brief... (with short legs)..

FELLATIO II

OR GIVING HEAD...

So let's have a recap of our Fellatio 101 on the last issue. First, you must have the ATTITUDE then you should do the Kiss and Eye Contact. Third, Lick it like the LOLLIPOP and last but not the least you can do the spit or swallow S! :D.

Before we start let me just give you a friendly advice. The MUST things that you need to have in your small purse: 1) WET WIPES; 2) Small ready to use mouthwash; 3) Lip balm! In case of quicky sucking dick anywhere! :D

Let's not beat around the bush, I'm pretty sure you would like to hear the advance tips on giving BJ! Here are the things that I hope will help you to have a fruitful, fun and fabulous relationship with your partner.

1. Place him on a very comfortable position. Either sitting down or laying down on the bed. Then, tease him with your eyes and your hot body. Pull his dick out of his pants. HOLD IT! LOOK AT IT! WORSHIP IT!!!! Spend sometime caressing the head. Watch it as it turns hard.

2. When it turns hard, cup his testicles in one hand and gently, using only your tongue, lick softly, but carefully along the entire underside of his erect organ. You have also to use your senses, watch his reaction while you use your tongue exploring his shaft. For most men the most sensitive area will be the point where the ring of the head and the foreskin are attached; or were attached prior to his circumcision. Vary your licking and sucking style on it. Your man will highly have the pleasurable moment.

3. Don't forget the B… balls. Yes, after focusing on the head and the shaft proceed now to the balls. Gently massage it, wet it too, lick and kiss it. You may use one hand for the balls while your mouth in his head or vice-versa.

4. Then, this is optional but I suggest you try it! The Perineum massage! Perineum is the area between the scrotum and the anus and a lot of men enjoy having this area massaged during fellatio. You may start running your fingers up and down the area and slowly put some pressure on it. You can also massage the part near his anus, use your one finger, he may refuse but insist it, there's a hot spot on it!

5. Every now and then try to deep throat your man's penis. You may not be successful soon but practice makes perfect! So always try to deep throat it!

6. Now, Hum… Moan… Don't be shy to moan and moan… make noise, make it hotter by moaning his name and you can add a little choreography, your body movement imagining you are riding his hard shaft, bounce up and down!

7. Last but not the least, if he likes it rough, give it to him! MUCH LOVE!!!! /**SLITZ**

THE BED – SEX IN THE PHILIPPINES!

By Buwayah Man

Photo by John Karlsson + Model Kim Nerizon

MOTELS
– THE LOVE HOTELS

Motels provide “short-time accommodations. A blend of the words “motor” and “hotel,” the traditional American variety is meant for the fatigued motorist who has been driving for many hours and is looking for a place to rest and recharge.

In the Philippines, motels are synonymous to sexual trysts. Filipinos don’t live alone. They either live with their families or with a group of friends who share the rent and other expenses. Some married couples also live with their parents. Couples need a place that ensures privacy and comfort. Even those with children need a moment away for themselves. Their rendezvous should not drain their wallet. A hotel is too expensive. They don’t require an overnight stay. They don’t require room service or fancy decor. All they need is a comfortable bed and a shower for a three-hour moment of sexual intimacy.

Motel owners know this. Decades ago, motels were just rooms with a bed and a shower. Now motel amenities include condoms and performance enhancers. The refrigerator serves ginseng-laced energy drinks aside from the typical softdrinks and alcohol. Inside are love seats and jacuzzis. There are love toys and love lotions. Mirrors surround the bed. X-rated movies are shown. There are bare studio-apartment motels, girlie-bar motels with bloody eye-piercing neon lights, playful motels with garish Austin Power colors.

Privacy is paramount in motels. You have minimal contact with the motel attendant. They do not look at you straight in the eye. You tell them what room you want and they sweep you inside a garage. A “thumbs-up” sign is given when the room is ready. The garage door is kept closed throughout your stay. There are two doors that separate you and the outside, and between those two doors is a small waiting area with barely enough space for two people to stand. If you order food or other amenities (like an extra box of condoms), the attendant will leave it in that waiting area. The next time you will meet a motel employee is when you hand over the cash to pay for the room. Credit cards are also accepted and nowhere will it say that you stayed in a motel----the charge slip and your statement of account will indicate a nondescript establishment like Pinnacle Enterprises.

I am a frequent patron of the Victoria Court motels. Though not the luxurious five-star hotel, Victoria Court rooms are not dingy, roach-infested dungeons with stained sheets and foul-smelling bath tubs. Bed covers are crisp. The towels are fresh. I ran my finger across the tables and shelves and there was no dust. The bathroom tiles were clean. Even if your intentions are one-hundred percent noble, a motel can be a comfortable place to relax and unwind. /**SLITZ**

80 PERCENT OF ACTIVE INTERNET USERS WILL HAVE A "SECOND LIFE" BY THE END OF 2011.

By the end of 2011, 80 percent of active Internet users (and Fortune 500 enterprises) will have a "second life", but not necessarily in Second Life, according to Gartner, Inc.

"The collaborative and community-related aspects of these environments will dominate in the future, and significant transaction-based commercial opportunities will be limited to niche areas, which have yet to be clearly identified," said Steve Prentice, vice president and distinguished analyst at Gartner. "However, the majority of active Internet users and major enterprises will find value in participating in this area in the coming years."

Meaningful corporate use of public virtual worlds/platforms will lag considerably behind individual consumer use as enterprises struggle to develop appropriate and relevant business models. As enterprise try to define their role in the virtual world, Gartner has identified five laws for companies participating in the virtual world. They include:

FIRST LAW: Virtual worlds are not games, but neither are they a parallel universe. The initial reaction of many business leaders when faced with virtual worlds is to dismiss them as a mere "game" of no benefit to the enterprise and something to be banned for wasting compute resources and time. Many of those that see beyond the gaming elements immediately veer toward questions such as "How do we exploit this as a sales channel?" This reaction is equally incorrect and potentially even more damaging to the enterprise. Growth in virtual worlds is significant but lower than it appears; the overall population of non-game virtual worlds is still small compared to massively multi-user online games (MMOGs) and the totality of community-oriented and niche-targeted environments.

SECOND LAW: Behind every avatar is a real person. People can't be fooled by the fantasy elements in the virtual world. There are unwritten rules and expectations for behavior and culture are developing. Enterprise users must consider their corporate reputations.

THIRD LAW: Be relevant and add value. Many commercial companies have established a virtual world presence, but none have converted it into an effective, profitable sales channel. There has been criticism of early corporate entries into the virtual world, Second Life, related to the showrooms usually being empty and lacking atmosphere. While there have been a limited number of individuals who have earned more than $5,000 per year from their virtual world businesses, most corporations will see minimal revenue gains in the market at this time. "Do not expect to undertake profitable commercial activities inside most virtual worlds in the next three years," Mr. Prentice said.

FOURTH LAW: Understand and contain the downside. Enterprises face serious questions, such as "Could activities in the virtual world undermine or influence my organization/brand in the real world?" With significant portions of the virtual economy based on adult oriented activities, questions of appropriate behavior and ethics also arrive. In-world behavior can be a problem in public areas; annoying interruptions can range from unintentional arrivals and erratic behavior from new residents whose avatar control is still suspect to misdemeanors such as graffiti, to more-concerted protest activities designed to disrupt.

FIFTH LAW: This is a long haul. Today's multiplicity of virtual environments has developed through the convergence of social networking, simulation and online gaming. There are many new entrants, whose stability and scalability are not yet established. There is significant probability that, over time, market pressures will lead to a merging of current virtual worlds into a smaller number of open-sourced environments that support the free transfer of assets and avatars from one to another with the use of a single, universal client. /**SLITZ**

CICOU

RESTAURANT CICOU, HOTEL CELESTE...

There's a place in the South where food connoisseurs and those with impeccable taste indulge in caviar and French wine. I give you, Restaurant Cicou, a French bistro in Hotel Celeste manned by the brilliant Chef Cyrille Seonen. A little trivia, the name is actually derived from the Chef's nom and prenom, Cy- and Seo-, hence the name Cicou.

This French establishment takes first impressions quite seriously. From the warm and cheery valet to the lovely receptionist, I knew that dinner would be nothing less than exceptional. The contemporary décor and the place's understated luxe appeal will certainly put you in the mood. But such posh interior suggests that Cicou is more of a rendezvous for couples and friends in search for the ultimate dining experience. As we all know, the French are very passionate especially when it comes to food so it's no surprise that Restaurant Cicou is famed for satisfying countless palates. They offer a 4-course set meal, which includes the appetizer, soup of the day, entrée and dessert. For the picky eater, go a la carte and choose from a sundry of exotic dishes that will surely escalate your penchant for French cuisine. Since lamb is my weakness, I was able to resist the seafood and rib eye combo. That evening, I had Onion Soup, Australian Lamb and Poached Pear. The Onion Soup, a concoction of caramelized onions, sliced bread and mozzarella cheese, is already a meal in itself. Served in a deep bowl, the savory stew can satiate even a big appetite. My main course, marinated in lemon confit and almonds, was slowly baked Tajine-style. This succulent lamb shank is paired with light-flavored semolina, a milled product of durum wheat used in pasta. The fusion of the two flavors is sure to excite your taste buds. For dessert, I chose to order something sweet and tangy. On my plate was poached pear granité or frozen dessert, complemented with light pear mousse and sweet gelée. Mon poison du jour? Colombelle Vin de Pays 2007, a French white wine produced in the South of France. This fresh and fruity white with creamy vanilla base notes, offsets the highly-flavored delicacies.

Experience French cuisine at it's finest without having to fly thousands of miles away. Learn the art of wine tasting or simply enjoy a glass with warm company. Dare to be adventurous and try something foreign to your palate—snails or duck liver perhaps? There's a long list to choose from so take your time, build your apetite, the server will guide you through. Bon apetit! /**SLITZ**

-HONEYLEEN CONCEPCION-ROSAROSO

MUSIC **STORY**

HONEYLEEN CONCEPCION

PROFESSION? Singer / Model / Actress.

WHAT'S THE MEANING OF HI-C, JUICY? Maybe.. Haha my papa nicknamed me that, it's my call sign on 2-way radio.

SO TELL US ABOUT YOUR TATTOOS. I was 22 when I got my first one. I got it to cover a scar. Every time my group, DiCE& k9/MOBBSTARR, releases an album, we see to it that we get new ones done. So when I released my solo album, I got a big one =).

YOU'RE ENJOYING YOUR SOLO CAREER? I love it! But even before DiCE & k9/ MOBBSTARR, I was already a solo artist.

AND YOU'RE GOING SOLO FOR GOOD? Yeah, I'll keep releasing my own albums, but I'll be still part of the group. I'll keep on going as long as I can.

CAN YOU GIVE US MORE DETAILS ON YOUR SOLO PROJECT? It's been long overdue! I was just waiting for the right song to be my first single. "Physical", the first single off my album "Body Talk", is perfect to jumpstart my solo career. I've worked with the best producers for this project. I think it's safe to say that this is the FIRST pop dance album to hit the country. It was produced under DiCE's indie label, 6000 GOONZ, and it's going to be distributed through PolyEast Record.

SPEAKING OF DICE & K9, ARE YOU GUYS COMING UP WITH A NEW ALBUM ANYTIME SOON? Yes, our 5th album is coming out next year, look out for it!

DURING YOUR YEARS AS ENTERTAINER, WHAT'S THE CRAZIEST THING YOU'VE EXPERIENCED? Indecent proposals. Oh, and being mobbed by thousands of fans who almost tilted our van.

ALL MANNER OF PROPOSALS AREN'T SO SURPRISING FOR A GIRL LIKE YOU! AFTER ALL, YOU'VE POSED FOR FHM (APRIL 2009) AND PLAYBOY (SEPTEMBER 2009). ARE YOU SEEING MODELING AS A NEW CAREER? Hey, I modeled for other non-risque magazines too. I did a cover for Digital Photographer & Gadgets Philippines, and I was also in Speed, Pulp, etc... I like modeling, actually.

WHY DO YOU LIKE MODELING? Because I can! Hahahaha! I just feel so sexy when I model. Modeling allows me to portray a character, it's a bit of an outlet for me.

AN OUTLET FOR YOUR SEXINESS? INTERESTING. SO TELL US, WHAT'S THE WILDEST/SEXIEST THING YOU'VE DONE? Foursome.

WHOA, THAT MUST HAVE BEEN SOME PARTY! OTHER THAN THAT, WHAT'S BEEN YOUR BEST PARTY EXPERIENCE? Best party experience? We are the best part of the party =P Hahahaha.

AND THE BEST PARTY PLACE? Our house. It's without doubt the best party hangout.

SO WHAT DO YOU DRINK WHEN YOU PARTY? Vodka Cruisers, definitely! They're fruity, bubbly, Vodka-based alcoholic drinks, and the alcohol content's only about 4.8%, so I don't get wasted too easily.

EARLY BIRD OR NIGHT OWL? Night Owl, I sleep during the day. I get to bed around 5am and wake up at 6pm.

SNEAKERS OR STILETTOS? Depends... I collect both.

BOYFRIEND (OR GIRLFRIEND)? Boyfriend.

COOL. SO WHAT'S YOUR RING TONE RIGHT NOW? My own

Exotic JC
-JUDY CHRONO

SEXY **STORY**

JUDY CHRONO

PROFESSION? Model (www.exoticjc.com).

WHAT MADE YOU WANT TO BECOME A MODEL AND WHAT INSPIRED YOU TO FOLLOW THE PATH YOU ARE ON NOW? It was my childhood dream.

WHAT HAS BEEN YOUR BIGGEST GIG SO FAR? An LA casual clothing designer.

WHAT TYPE OF MODELING IS IDEAL FOR YOU AND WHAT TYPE OF GIG WOULD YOU NOT ACCEPT? I love sexy clothes but I'm not interested in Adult Industry work.

WHAT'S THE BIGGEST MISCONCEPTION ABOUT YOU AS A MODEL? That I'm not smart. I don't have a need to prove them wrong, I'm happy to let them underestimate me. ;-)

DO YOU GET TO TRAVEL A LOT, ANY FAVORITE TRAVELING DESTINATION? I love to travel. My favorite place so far is this wonderful place north of Palawan call the Coral Bay Island Resort.

ARE THERE LOTS OF INDECENT PROPOSALS IN THE INDUSTRY, ANY STORIES? All the time. And not just from guys…

WHAT TURNS YOU ON CREATIVELY, SPIRITUALLY OR EMOTIONALLY? Dancing.

YOUR FAVORITE VIRTUE? Integrity.

WHAT'S YOUR FAVORITE STYLE OF PHOTOSHOOT? Glamour.

HOW DO YOU SEE YOURSELF A FEW YEARS FROM NOW IN THE MODELING INDUSTRY? Hopefully, very busy, traveling a lot, shooting in exotic locations.

ANY PLANS TO MODEL A CLOTHING LINE? I would love to. But it would need to be swimwear or lingerie because I'm so small by Western standards. Even the extra small sizes are too big for me. I have to shop in the kids section in the US. I'm a Girls size 10.

POSE FOR LINGERIE? I love posing in lingerie. And I have a couple of bikinis that I love. Anything really sexy is great.

HOW WOULD YOU LIKE A POOLSIDE WET-LOOK LOCATION SHOOT, OR A BOAT MAYBE? That would be great. Planning a boat shoot when the weather warms up here..

WE SEE YOU ARE READY TO GO INTERNATIONAL? Well, I've worked in the US, Mexico, and the Philippines. isn't that International?

IS THE COMPETITION TOUGH? the competition in LA is brutal. Soooooo many beautiful girls. i went to a casting for a bikini calendar and couldn't believe how many girls that were there with perfect bodies. and almost all of them were 5' 7" or taller.

WHAT EDGE DO YOU BELIEVE YOU HAVE THAN OTHER SEXY-MODELS? I'm very slender, like they prefer in the US and Europe, and i have a dark, exotic look that is not common there.

HOW WOULD YOU DIFFER YOURSELF FROM ALL THE OTHER SEXY-MODELS? I just do what comes naturally. I don't try to do anything different or the same as other girls. I'm just me. What I'm learning is that what I do is different from other girls. Photographers tell me that my style is unique; sweet and innocent, yet sexy and playful. They also tell me i have a real wide range of looks for the camera.

UP TO WHAT IS YOUR LIMIT (TO EXPOSE) IN POSING SEXY? I haven't found it yet. ;-).

ANY SPECIAL PLACES YOU LIKE TO HAVE SEX? My latest passion is the dining room table. I like to be the main course, if you know what I mean. ;-) That's my new favorite place where I like to be eaten and taken. ;-)

Koshil Suicide

-REDEFINE BEAUTY

MODEL **STORY**

Everywhere you look; TV Movies and advertisements keep showing the same photocopied version of beauty down your throat. Suicidegirls was created to demonstrate that beauty comes in many forms, not a single cookie cutter shape and look. If you aim to find alternative eye candies to blonds in girly pink that you see everyday in glossy spreads, give yourself a dose of equally hot girls from this site. The perks? Spicier attitudes, body modifications and oozing sex appeal.

Since 2001 thousands of suicidegirls have been posting millions of photos on suicidegirls.com. And we had had a chance to chat with one of them... Koshil, a 23 years old pin-up beauty from UK. This tattooed goddess lets us in on some bits about how being out of the norm makes her an in thing. We had the pleasure to chat with this sexy babe:

PROFESSION? Model.

WHEN AND WHY DID YOU BECOME A SUICIDE GIRL AND WHAT INSPIRED YOU TO FOLLOW THE PATH YOU ARE ON NOW? I became a suicide girl last year november time I think.. I've wanted to be an SG since I first saw the site when i was 18. The girls on there all represent power, beauty and style, it gave girls like me, the outcast at school, the geeks, the misunderstood non mainstream a chance to express themselves and I really wanted to be a part of that. It also gave me a chance to show myself and anyone who ever doubted me that I could achieve SG status despite not being conventionally what a model looks like.

IS THERE ANYONE THAT YOU LOOK UP TO AND MODEL YOURSELF ON, IN THE INDUSTY? There are models that I look up to, mainly other SGs but I wouldnt say that I model myself on anyone.

WHO AND WHAT ARE YOUR INFLUENCES? Ladies who break the mold each and everyday. Fashion wise- Gabe from Cobra Starship...weird I know...haha!

WHO TAKES YOUR PHOTOS FOR SG AND WHATS YOUR TYPICAL STYLE? I have worked with an SG staff photographer- Veloriaa. I don't think I have a typical style although my last 2 sets have been on the "cute" side...something which I am trying to steer away from in future sets.

HOW LONG HAVE YOU BEEN TATTOOED? I got my first tattoo when I turned 18..so a while ago now! Overall been tattooed for about 5 years so far.

WHAT'S THE BIGGEST MISCONCEPTION ABOUT YOU AS A SG MODEL? I think that we are sluts or that we will get our boobs out on every photoshoot we do (non SG) and thats just not the case im afraid lol

YOUR MOST MARKED SG CHARACTERISTIC? Umm that's a hard question, I think maybe the fact my heritage is Mauritian ,I think i am the only Mauritian SG model.

WHAT TYPE OF GIG WOULD YOU NOT ACCEPT? Explicit nudity, spread leg shots and porn.

YOUR FAVORITE VIRTUE? Truth.

YOUR TOP 3 WEBSITES? www.suicidegirls.com, www.facebook.com and www.twitter.com.

WHAT'S YOUR RING TONE RIGHT NOW? Writings On The Wall, by Underoath.

-A COLORFUL NIGTLIFE PROFILE

PR **STORY**

MARIELLE COOLAI CONCEPCION

HOW DID YOU STARTED IN THE ENTERTAINMENT INDUSTRY AND WHAT INSPIRED YOU TO FOLLOW THE PATH YOU ARE ON NOW? When Korina Sanchez featured my life in her show they find it so unusual then. I was then asked to join a reality-TV show via Studio 23 - Wazzup Wazzup..

IS THERE ANYONE THAT YOU LOOK UP TO AND MODEL YOURSELF ON? A lot, Tessa Prieto is one. I also emulate the fashion sense of Madonna as a chameleon Star and Lady Gaga for her fierce and fearless fashion ideas.

WHAT'S THE BIGGEST MISCONCEPTION ABOUT YOU AS AN ARTIST? That I do this just to be noticed. I do this to make a statement and to represent myself as a person and as an artist per se. Complacency is boring. I want my own trademark. I think that following the norms is an ancient time.

YOUR MOST MARKED CHARACTERISTIC? Flambouyant outfits. Colorful and unique; hair statement is like different color every month. Thanks to Lo' real *lol* …as I believe, the hair is your crowning glory. For smooth silky skin, thanks to Dr. Calayan; teeth: Dental 1st, and the outfit to myself. Thank you outfit... Hahaha

WHAT TYPE OF GIG WOULD YOU NOT ACCEPT? Anything involving party drugs... I'm not in favor of anything that has to do with it. I can take everything except that. I promote natural highness.

ARE THERE LOTS OF INDECENT PROPOSALS IN THE INDUSTRY, ANY STORIES? Ya, as you can see I'm always in the clubs. Some would ask for how much I'm earning, then they are going to give me as I want; if I start talking they will see how kind of busy I am and then we are already connected turned out to be one of my contact. So business is still there, so instead of indecent proposal, they think that I'm the right person for them to be connected.

WHAT TURNS YOU ON CREATIVELY, SPIRITUALLY OR EMOTIONALLY? Creatively, so that each single moment is like a different one unlike in any other ways. Spiritually clean but not so much, I want something naughty so it will not be boring. Emotionally, I don't like so much drama. It's ok sometimes, but not so much. I want my life to be like an open book, so I don't have to hide anything. I don't care about what other people would say as long as I don't hurt anyone and make people happy and crazyyyyyy!!!

HOW DO YOU GO ABOUT TO MARKETING YOURSELF? For myself, I don't have a problem because people find me very approachable. Maybe because I don't need to do some effort just to be noticed. I can get the business so easy coz in this business it always involve marketing. People want something lively in personality and so much character. Coz for them, I'm like a walking doll for everyone to approach and want their life to have a colorful life too. Also, a meaningful one; so its always like the last for me. That's why I'm giving so much passion to what I'm doing, so it will turn out to be very light and easy.

YOUR FAVORITE VIRTUE? Life is a party, we should all enjoy what we are doing and take it easy and have fun.

ANY NEW PROJECTS OR PLANS WE SHOULD ANTICIPATE? I'm doing a series of events and promotions, loan business, and you can see me at Ascend, Manor Eastwood, Circa and other clubs, where I'm continuously doing good business with.

BUSINESS STORY

DANIEL IMMANUEL JIMENEZ

NAME? Daniel Immanuel Jimenez (dj@pinights.com) – most people call me DJ

CITY? I was born in Quezon City, Philippines. Raised in Los Angeles, CA and Seattle, WA. Just moved back to Manila June 2009.

PROFESSION? Who are you and What are you up to? I am an entrepreneur. I like to innovate and entertain =) I am the Founder of P.I. Nights, the online "go to" site for Philippine Islands Nightlife, events, and party photos of all the clubs in Metro Manila and soon to be all around the Philippines.

I am also the co-founder of *Phukstar Clothing* alongside Marcus Ginn and Shyle Lacson which was recently unleashed International. We have a few projects up our sleeves that will rock your socks! Stay in tuned =)

HOW DID YOU GET STARTED IN THE PARTY/NIGHTCLUB SCENE AND WHAT INSPIRED YOU TO FOLLOW THE PATH YOU ARE ON NOW? Well, I started hittin' the clubs when I was 17 with my crew in Seattle, the "Pogi Boiz." And I got caught up with the lifestyle—to this day I still love it, the people, the music, the atmosphere, and the interaction!

With regard to creating P.I. Nights, I want to influence and inform people all around the world about the modern movement of Philippine Nightlife. Most of the world can't find a single thing about the Philippine Nightlife when they search online. Visitors, tourists, transients, and even a few locals aren't in tuned with the Philippine nightlife because they are not informed fully. It's usually by word of mouth or hearsay that informs people which can be both biased or incorrect information at times.

Also the stigma of having a dirty nightlife. I want the rest of the world to see that things are getting cleaned up and that not all of our nightlife is red light material. It's time to show the world what true P.I. Nightlife is all about. We have beautiful venues, great music, awesome individuals with so much talent and jet-setters running the nightlife here in the Philippines.

I just want to thank all of you who have made Philippine Islands nightlife as vibrant and entertaining as it is, whether you're a DJ, emcee, host, dancer, production/promotional company, club owner, photographer, events coordinator, media, and anyone else involved…THANK YOU for making all this possible. Let's welcome everyone to P.I. Nights!

As for life, I just want to change the game, make things fun, different, unique, while helping people somehow at the same time through progression, movement, creativity, passion, and innovation..

WHAT IS "P.I. NIGHTS" AND WHO IS BEHIND IT? "P.I. Nights" stands for Philippine Islands Nightlife. It's a business directory and marketing website developed in order to organize and present all information relevant to Philippine nightlife in a consumer-focused, user-friendly and entertaining fashion to an international audience. P.I. Nights seeks to pioneer the practically non-existent internet marketing industry within the Philippines and establish itself as the singular, unparalleled authority on Philippine nightlife online searches.

The information found on www.pinights.com will encompass all areas of the Philippine Islands nightlife industry such as nightclubs, events, restaurants, lounges,

P.I. Nights is an owner-managed company. It is owned and operated by Daniel "DJ" Jimenez along with the Board of Directors consisting of Fatima Palma, Justin Misenas, and Michelle van Ruyven. Development assisted by Marcus Ginn, Julius Ramirez, Christina Nguyen, Seth San Jose, and Tonic Matthews.

Currently the e-commerce industry within the Philippines remains relatively untapped. The same goes for marketing websites geared towards Philippine nightlife. Not only will P.I. Nights be the first of its kind, but it will be the only website to implement unique features such as user-generated voting, a comprehensive business directory, blogging, various types of media and social networking. P.I. nights will be unparalleled in its practical function and sustained by its sophisticated administration.

Our goal and vision is to allow tourists, transients, and locals to be "in the know" when it comes to Philippine nightlife and the culture infused in it. The reason I keep going is I want to be able to finance all of my family: my parents, brothers, sisters, and nieces. There are also some world concern issues I would like to help tackle in the fight against poverty here in the Philippines and some other places in the world which suffers from extreme poverty.

WHAT TRENDS DO YOU SEE EMERGING IN THE LOCAL PARTY/NIGHTCLUB SCENE AND HOW WILL P.I. NIGHTS USE THIS?
Trends are sometimes unpredictable so I'll keep it as that =) Whatever the trends may be in the nightlife culture in the Philippines, we will definitely use it to make our users stay in tuned and have a voice on it! P.I. Nights is for the people, I want to ensure that all media, events, news, people involved, and venues of the nightlife industry are properly showcased to the rest of the world. /**SLITZ**

DJ Keb Darge

-DEEP FUNK/LOST AND FOUND, LONDON

MUSIC STORY

KEB DARGE

WHAT IS THE SIGNIFICANCE OF YOUR DJ NAME AND SOUND? My name is Kenneth Darge but my Mum used to call me Keb and that's been my name since I was 3 years old. The Sound… I was playing in the rare groove and northern soul scene in the early 80's. In the mid-80's I went to Japan to DJ and live out there for 6 months. When I got back to London House music had arrived and there was all this superstar DJ culture. I went to a few House events and to me it seemed like a load of sheep waving at a big famous name and I thought it was very contrived. The significance of my music is that I wanted to save people from this House and Hip-Hop music. I wanted to play real music with real soul and real feeling that would enrich their lives and make them happier people. I still see people pretending to enjoy themselves and being cheated, like they are desperate to be trendy so this is trendy and they actually think they are enjoying the music because it matches the trendy image. But they are not getting their inner human spirit satisfied by the music, which is what I think my music does. I can see it does it.

I did the Womad Festival this year, full of hippies and I went up to my stage which was huge, could of fit at least 2-3 thousand of people. 8 people were there. Well I thought I'll just play some hardcore rockabilly tune and send them all home, I was the last act of the night. Halfway through the tune the places fills up and I could just see the faces of 2-3 thousand hippies all thinking thank God we don't have to pretend that we enjoy the music anymore because its cool and we can actually dance to this stuff and let ourselves go. I thought why are you cheating yourselves all the time?

WHY DID YOU GET INTO DJING? I was at school and got a kicking from about 20 blokes and one of my best friends now who is the world Taekwondo champion broke a concrete bin over my head and I still got the scar. I went in to hospital for 3-4 weeks and when I came out I thought I better reassert myself as a hard man. So I picked on the one English boy in school. Well I thought I'll have you and the next thing I knew his foot hit me there and his heel hit me there and he spun round in an axe kick as I was falling. I was like what was that? It was Taekwondo. What's Taekwondo? This is1972 remember. It's a thing he learnt at the local RAF base so I went to the RAF base to train in Taekwondo. I wasn't interested in music. In the 60s's my sister had been a mod and she'd play all the Motown and Stax to me and I liked it and then she became a hippie and I didn't like it so I went off music. But at the 1972 Taekwondo Christmas party at the RAF base I was there and they were playing all Abba and the music of the day. Then 3 blokes went up to DJ with a handful of records and handed him these records. This music came on and I was like what's this? Then they started dancing and spinning around and doing tricks, it was like break dancing but this was in 1972. I was like what this? "This is Northern Soul." What is it? "We go to clubs down in Manchester and Leeds, there's a new one opening soon in Wigan, Wigan Casino. Do you want to come with us?" Yes I'm coming! I walked into Wigan Casino and it was like 2 thousand people going wild to this weird music which was so powerful. Spinning, running up walls flipping over into box splits. I wanted to be part of this.

I went to the University of Aberdeen in 1974-75 and studied to be a history teacher. I left after a year. There was no Soul in Aberdeen, I was going to local discos and it was

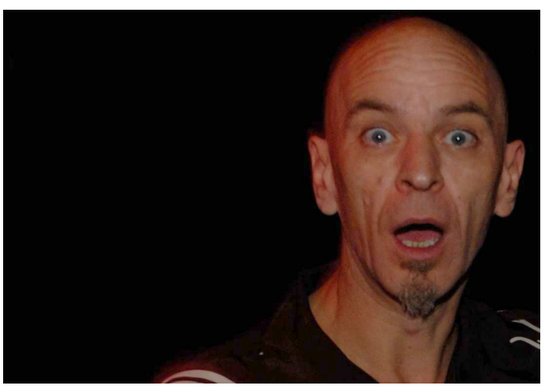
all pop music. So on Saturdays I was going down to Wigan to buy records and taking them back up to Aberdeen to DJ's and asking them to play them. There was one DJ Jonathan Scott who started playing them, the dance floor would empty, I would dance and everyone would stare. Then a few people asked me what it was? Northern Soul I said do you want to come along with me to Wigan? Then we started in the Winter of 1975 Centre City Soul Club in Aberdeen. I wasn't DJing, I didn't want to DJ. I just wanted to dance but I was getting more and more records and handing them to the DJs then eventually Jonathan Scott said "listen Keb we don't know any of the records sometimes we don't know which side to play. We haven't got a clue what follows what, your going to have to start DJing." I said alright as long as you play 10 for me to dance to I'll play some more. I did and I enjoyed it and I said to myself this is fun, I'm controlling people with these records.

I was at the Blackpool Mecca in 1976 and there was a record they were playing at Wigan called 'Ron Holden - I'll Forgive and Forget.' So I was at the record bar at the Mecca and flicking through all the records and found it, £7. I was only making £6.50 a week working then. I was like what am I going to do? But I bought it. £7, one record that's a lot of money, that's like £700 now. Went back to Aberdeen, Sunday night Soul Club put on Ron Holden and a great big cheer went up. Next week a load of punters turned up from Edinburgh and Dundee to hear this record. Then I decided to start buying rare records and that was it. I didn't actually wanted to be a DJ, I just enjoyed the music and wanted to dance. I just bought the records because know one else was playing it where I was from. Same as now, I was trying to get folk into this wonderful music that I thought they don't know it. Why do they play Abba and Bay City Rollers when there's music like this about? And it's still the same today, why do they play Usher when there is real Soul about?

YOUR BIGGEST GIG SO FAR? The Queen of Holland's birthday party, 28 thousand people. I said who else is playing? It was just me. I turned around and the Queen of Holland was behind me "I like your tunes, we had Fatboy Slim last year. The young people liked it but the old people didn't but everyone seems to be enjoying your tunes" Thank you your highness!

WHAT'S YOUR FAVOURITE TRACK THAT YOU LIKE TO PLAY? At the moment its - Teddy (Mr. Bear) McRae "Hi' Fi' Baby"

WHEN YOU ARE UP THERE DO YOU HAVE A PLAY LIST OR DO YOU READ THE CROWD? My thing is playing the new



discoveries maybe 4 or 5 for that night and from the week before and then once its been played for 4-5 months it goes back on the shelf and will be played in a couple years time as a revival tune. But I will also have the safety records just in case one of the new records doesn't go down so well. For me a safety record is like Little Richard and Chuck Berry but I prefer to play the obscure stuff. You always get loads of young girls asking for Johnny Cash and Elvis and there's nothing wrong with that and we'll play the obscure stuff with it.

BEST DJ EXPERIENCE? We started Lost and Found 3 years ago and I was playing all this obscure RnB and Rockabilly and folk were getting into it. I was doing the funk thing for 20 years I was like the worlds number one funk DJ and all that and I was travelling all round the world. But the best experience or the biggest thrill for me was I was doing Jo Jos about 2 years ago and 3 young girls came up at the start of the night and I was playing all this sort of 50's RnB and they came up…

"Whats all this? Are you going to play this all night? Have you not got any new music? You not got anything modern? You got any house?"

Nah I don't play all that, you'll enjoy it, it will fill up in a minute.

"You got any RnB?"

This is RnB.

"Nah its not"

Yes it is.

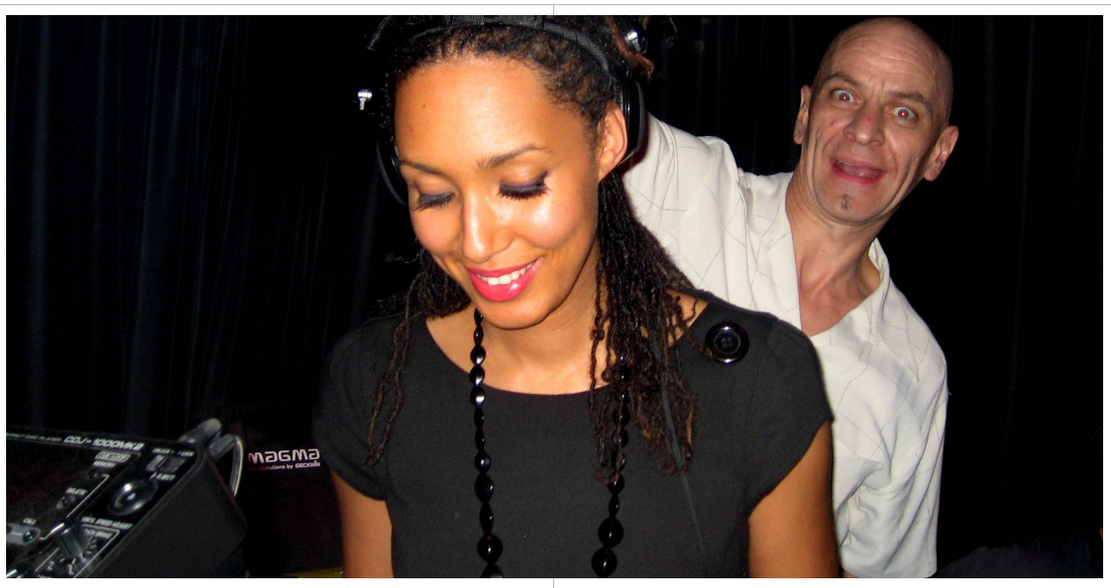
Off they went. 3 hours later they came back to the decks soaking in sweat.

"F**king hell it's brilliant! F**cking ell, I've never heard music like this! What is it?! We going to come every week, we've never heard of this stuff"

That to me was like Yes! They stayed and it changed them. That was a success. Yeah I've done giant gigs, festivals all over America, Australia, Canada, Japan all round the world but 3 girls come in asking for s*** and moaning and then coming back 3 hours and are thinking you've changed our lives.

DO YOU PREFER PLAYING AT CLUBS OR BIGGER EVENTS LIKE RAVES? I prefer clubs at the moment because this is still relatively new for people the sort of music I'm doing. I do Jo Jo's, I do a thing in Barcelona once a month and I do a thing twice a year in Japan but it's the crowd that are well into it. They been following me and buying all the CDs. You get a lot of newcomers as well but because the majority of them are into it the newcomers are easily absorbed into it.

Womad festival went very well. I did the Big Chill recently as well but the sound system was not that good. Big festivals at the moment, it's hard to guarantee that every-



one is enjoying it. If I do a small club I can guarantee, I can see and feel to myself that everyone is really enjoying this and understanding what I'm doing but big festivals or big gigs there's too much room for folks not to absorb it.

WHO AND WHAT ARE YOUR INFLUENCES? I suppose my biggest influence was a DJ at Wigan called Richard Searling. He had the perfect DJ formula which I've copied. He would always play new discoveries. He would always play someone that you didn't know, 4 or 5. If he got a new discovery it was really good, he'd play it 2 or 3 times to make sure by the end of the night you were screaming for it. But he'd also play the oldies in amongst it to keep you comfortable. His taste was impeccable, I can't think of a bum record he played. Every other DJ I've heard have played bum records. I'll sit hear and listen to a record about 12 times before I think about playing it. I think Searling was doing the same, he really scrutinised the records he played and he wouldn't play something that someone else was playing. He'd think I'd have to keep my set separate and everyone else is playing this record but they are all playing it so what's the point of me playing it. He was an individual and the reason 90% of us came from Scotland to Wigan is because of Searling. You would always hear at least 2 hours of tunes you didn't know that were great.

The other influence was the reverse influence. When I came back to Britain and House and Hip-Hop had taken over and it was like oh God. That influenced me to think I must do something about this. I hate that superstar DJ thing, makes me cringe.

WHAT DO YOU THINK OF HIP-HOP PRODUCERS WHO USE FUNK AND SOUL SAMPLES? I don't care. I've had them all round the house, Marley Marl, J Dilla… They came round and they had their DAT Machine and they were copying all my records and they are all nice guys you know but then they play their records to me. Like Pete Rock used a thing, it was an old 60's soul drum break, he played the record to me and I was like the original is better. I don't mind if someone takes something and makes something really good out if it. Fair enough I'll let them use my music to go where they're going but they never seem to go anywhere that satisfies me but it satisfies all the hip-hop crowd.

DJ Shadow is one of my best mates, we swap records regularly and we do a thing in Japan every Christmas, Deep Funk Japan and I love him. He wont send me the stuff he does now because he says that I'm just going to slag it off and I'm like yes I am Josh. Him and Cut Chemist are great with all the tricks but when I listen to their tunes it does nothing for me. When I first heard those guys in the RAF base, when they put their records on it was like tingles but I can't get that from this post 1980 music. Amy Winehouse did it but it wasn't like what's this? It was more like wow someone who can sing, singing real songs. Music is too false and too contrived. A lot of its contrived to be rebellious and rough therefore its not rough. You can tell when they are playing it that they are trying too hard to be rough.

FUTURE PLANS? In the next month I got this compilation with Paul Weller coming out, a compilation with Lucinda Slim and next year I got one with Andy Smith, my partner at Jo Jo's. Me and Kenny Dope run a label called Kay-Dee Records and we're putting out Kay-Dee Volume 3 soon.

I'm moving to the Philippines in a year and a half. I want to set-up there, like here I'm very settled. I do my Friday and Saturday in London now but I used to be able to choose where to DJ in Europe. Five years ago I was getting five offers every weekend and I could choose anywhere. I would like to get the same thing in South East Asia where I can be settled there and skittle around. It took about 5 years to crack Europe and get them into it, it will take me 5 years to crack South East Asia. The first victims were always the Hip-Hop crowd because they could relate to the samples.

I have also written an album for Lucinda Slim, it's a mix of 60's Soul, Funk and 50's Jump Blues. She has done a couple demos out in New York with The Dap Kings and Sony Music have contacted her with interest.

YOUR BEST DJ WEBSITES? I really like searching for records constantly on EBay and I'm looking for some that I don't know and if I don't know them I go to Youtube. Then you tend to find the record that your looking for and if you find a really good one then you find the guy that's posted it and look at all his other postings and there's loads of good records on there. That for me is it because it's still an underground scene and there's no websites pushing this really. I suppose it be good if they were but I cannot stand all these DJ websites, its all hype, hype, hype! /**SLITZ**

BMW Z4 ROADSTER

A CLASSIC - REDESIGNED...

Words_JOHN ENAR KARLSSON

A roadster designed the way only BMW can: the classic proportions of the stretched bonnet and short overhangs are complimented by the low seats near to the rear axle to grant the driver a perfect feel for the road. The modern shape, an interplay of striking contours and soft mergers, fully captures the character of this vehicle from its characteristic kidney grille to the powerful wheelarches at the rear. However, it's the way this roadster effortlessly negotiates straights and bends that makes it truly like no other.

The modern interpretation of classic roadster proportions and stylish interior thanks to the unique combination of sophisticated materials and colours in the form of Design Pure White. Exclusive to this option is the Havanna paint finish enhanced with a fine, metallic pigment coating which is stylishly attuned to the exclusive Leather Silk Nappa Ivory White in the interior. This enhanced standard colour creates an elegant atmosphere complemented by the stylish combination of the modern, high-gloss, fine-wood trim Fineline Anthracite with horizontal grain.

The story of this photo was Tam's random pick he just want to try a new subject which is the skateboarders, well most this is our every day scene we have (but not between September to February, where local carnival rides, color games, bingo games and some tiangge are put into the same spot where we actually ride) having good times, skating or just some talk, sometimes we go anyone's place just to get drunk and party and more talks. Pretty much we spot from place to place around here in Marikina and San Mateo Montalban, we also visit other places in Metro Manila oocassionally, whether there's and event competiton or just plain invitation from another skaters. So to speak the skaters are: Alan Paolo Isla aka. DUTDUTAN 2009
TATTOO FESTIVAL IN PHILLIPINES

Dutdutan is currently the country's biggest and grandest tattoo exposition held annually presented by Tribal Gear Philippines.

A venue for the finest of skin arts, this is where celebrated tattoo artists, enthusiasts, supporters, and even curious first-timers gather to marvel, get inked, compete, and experience skin artistry at its best. Dutdutan is also the one place and time when age and social status cross boundaries to take pleasure in a very personal and intimate brand of self expression.

Highlights of Dutdutan include competitions of creativity and innovation among the best tattoo artists in the local scene. Inkers from all over the country battle for various categories, exhibiting ingenuity and artistry in the field of skin art.

The expo also displays exceptional pieces done by sought-after tattoo artists, photos of celebrity tattoos and the various styles and designs one may choose to get inked – all artistically and skillfully done on skin canvas. Apart from actual tattooing, booths are also installed to

hold anything and everything about tattoo, from simple souvenirs to the more complicated tattoo paraphernalia made available to those who need it, and want toexplore in the art of tattooing.

Essentially, Dutdutan as an event initiates the evolution and elevation of tattoo as an art form, one of the many ways of self-expression that has long been regarded as inappropriate, even obscene. But now, tattoos are considered as mainstream art, and nowhere is this better illustrated than by the rapidly increasing number of enthusiasts, both common people and celebrities, who sport ink and make events like Dutdutan a one hell of a joyride./**SLITZ**

LUNETA RIZAL PARK

THE RED LIGHT DISTRICT

THINGS TO DO!

>> THE RED LIGHT DISTRICT

P. Burgos isn't really a good place for a decent tourist to be. It is the red light district of Makati City (kind like Soi Cowboy of Bangkok), and not a very clean area since the foot and vehicle traffic in that area is high. It is located 5 minutes walk from Rockwell's PowerPlant mall. P. Burgos is an easy 30 minute drive from the Ninoy Aquino International Airport and the Manila Domestic Airport. Walking distance to various bars and restaurant along P. Burgos and Jupiter Street, within walking distance to the business and shopping area including the city's major hotels, banks, airlines offices and restaurant.

Ringside Bar, P Burgos Street, Makati, Metro Manila: This establishment features lady- & midge boxing, oil wrestling & pillow fights, along with an annual Miss Bikini World contest. It's one of the 'attractions' in this red light area. I won't be attending anything there...

Jupiter street is more decent, and has great karaoke bars (the decent type, not like the ones along Burgos). Just walk up and down Jupiter St, and you'll find international restos and bars.

>> RIZAL PARK

The 58-hectare (143 acre) Rizal Park is named after Dr Jose Rizal, renowned Philippine anti-colonialist, writer, and philosopher. The park is one of the largest in South East Asia, and is a green lung much used by the residents of Manila for recreation

>> JUMBO KINGDOM

One of Hong kong's tourists attraction now in Manila, the Jumbo Kingdom Floating Restaurant in Manila Bay.

>> TEAM MANILA LIFESTYLE

Team Manila Lifestyle store sell graphic-designed t-shirts, bags and accessories with inspiration by Filipino culture. Stores located in Mall of Asia and Rockwell.

>> THE CHINESE GARDEN

The Chinese Garden is located beside the Rizal Park in Luneta. Admission fee is five Pesos. The Manila Chinese Garden has seen better days, as its not that well maintained anymore.

>> ICE SKATING RINK

After almost 14 years of operations, SM Ice Skating Rink has established three rinks: SM Megamall, SM Southmall, SM Mall of Asia International Skating Rink. From a purely recreational perspective, SM is embarking to transform and develop highly-competitive skaters to world-class standards.

>> GREENBELT PARK

This is a pocket of peace and quiet in the very heart of Makati's busy Ayala Center. Bordered by the Ayala Museum on one side and a string of eateries on another, Greenbelt Park draws a mixture of office workers, young lovers and churchgoers.

>> AYALA MUSEUM

The museum showcases artifacts like trinkets, antique religious statues, and clothing from the various cultures of the Philippines. It has also added a light and sound exhibit that recreates the EDSA Revolution that led to the fall of the Marcoses.

Submit Updates on Philipine Attractions to: update@slitzmag.com

>> CHINATOWN

This part of Binondo has been a Chinese enclave for centuries. Start your tour at Binondo Church, and from there head for the area bordered by Ongpin, Quentin Paredes and Gandara Streets. This area holds mooncakes and sweetmeats, lychees and oranges, strange medicines made from unmentionable animal parts, oodles of noodles, and yellow Chinese gold. You could do part of your tour in a calesa (horse-pulled rig), but settle the price first. Be sure to stop in and visit Bahay Tsinoy Museum, filled with history.

>> INTRAMUROS

The oldest part of Manila is the medieval Spanish walled enclave of Intramuros on the southern bank of the Pasig River, packed with historic buildings and churches, many of which are being or have been restored.

>> NATIONAL MUSEUM

The large and comprehensive National Museum of the Philippines preserves and showcases the cultural, historical and natural heritage of the islands with collections housed in two different buildings (within Rizal Park). Exhibits are categorised in five divisions: art, botany, zoology, geology and anthropology.

>> MALACAÑANG PALACE

The name of this Palace, now the seat of government and official residence of the Philippines head of state, comes from the vernacular 'May Lakan Diyan', which means 'there lives a noble man'.

>> AMERICAN CEMETERY

Providing a quiet spot to retreat from Manila's rat race, the American Cemetery near the Makati commercial centre is a welcome peaceful oasis, much visited by tourists, especially veterans of World War II.

>> TAAL VOLCANO AND LAKE

One of the most visited tourist spots in the Philippines, this geological phenomenon is actually a volcano within a lake within a volcano. Taal is the world's smallest volcano, but do not let appearances deceive you--it can be quite deadly when it erupts. A 45-minute ride on a banca (wooden boat) will take you to the volcano; a 15-minute trek will take you to the top of the crater. An older and larger volcano is an hour away, which requires the assistance of an experienced guide.

>> CORREGIDOR

This small island, shaped like a tadpole, has become a memorial and open-air museum commemorating the World War II stand of Filipino and American troops against the Japanese invaders. The island is the largest of several at the entrance to Manila Bay, laying off the tip of the Bataan Peninsula, about 26 miles from the city.

>> PALAWAN

The island of Palawan is an elongated stretch of thickly forested landscape bordered by coves, beaches, lagoons and limestone cliffs, stretching from southwest of Luzon towards Malaysia. The island's Tubbataha Reef is extremely ecologically important to the Philippines as a feeding ground and nursery for marine life, and the area is archaeologically important too. The main attraction on the island is the underground river, St Paul's Subterranean Cave near Sabang, about two hours by road from Puerto Princesa. The cave extends more than five miles (8km) and contains the world's longest underground river.

LAST HALLOWEEN.....

By http://truesexstories.org

With Halloween coming up, I was remembering last year. I went to a party wearing a Roman Gladiator costume. It had a short skirt and I decided not to wear underwear. It was an adult party with a lot of people wearing very little. It was fun but I had to also make an appearance at my work party before the evening was up.

I arrived at the work party and mingled a little. Soon I ran into one of the girls from my dept. She wore the top half of a 2 person horse costume. Talking to her I found out her boyfriend went home sick. She felt stupid in half a horse costume so she pleaded with me to get in the other half. The party was almost over but I didnt feel like being a horses ass, so to speak. She said I could be the head because she was supposed to trade off ends with her boyfriend by now anyway. So I agreed.

Inside the costume she's bent over a little behind me holding on to my waist. I'm up front and we try not to walk around a lot but we do manage to get around. Soon I feel a little brush against my bare ass. I figure it's accidental but it reminds me I have no underwear on. I had actually forgotten. A few minutes later there's another brushing.

Then suddenly I felt her hands leave my waist and cup my ass under the skirt. I really cant communicate with her at this point. Now I feel one hand slide down between my legs and she started touching my balls. Soon I'm hard. One hand is still on my ass but she works the other one up to my dick. Now she's feeling the length of my shaft. Suddenly she starts stroking me and rubbing my ass. She did this for about 10 minutes without stopping until I shoot in the costume.

Later after the party when we get out of the costume she thanked me. I tell her I should thank her. She just smiled and says at first when she felt my ass she thought I was wearing a thong. She reached between my legs just to give my package a squeeze. Once she felt my balls she realized she had to find out how the rest felt. Nothing else ever happened and she actually doesn't work for the company anymore./**SLITZ**

Manila is by far one of my favorite places to party. Amazing nightclubs, world class entertainment, beautiful people and an energy that keeps you up till sunrise. Being that it is so popular, you can expect super long lines, very strick door policies and expensive covers and drinks. To help you navigate your nights we have here listed some VIP host connections to help you get past the long lines and into VIP at a fair price. Each decent club has a "VIP host". Their job is to secure a table, guestlist spot and bottle service for very important people such as anyone with money to spend, style and a good/fun crowd, eg. a group with good guy to girl ratio that is ready to party.
